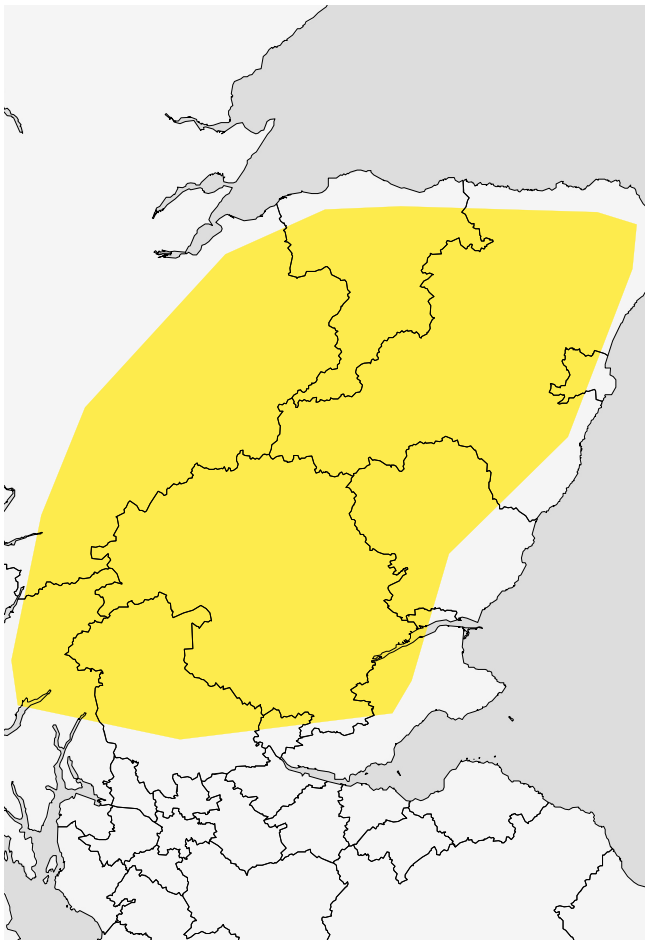
Yellow warning
Snow & Ice

Between
18:00 Sat 11 Mar 2023 and
09:00 Sun 12 Mar 2023



Sleet and snow slowly clearing; local deposits of snow and icy stretches may impact travel.

What to expect

- Some roads and railways likely to be affected with longer journey times by road, bus and train services
- Some injuries from slips and falls on icy surfaces
- Probably some icy patches on some untreated roads, pavements and cycle paths

Further details

Sleet and snow is slowly clearing from Scotland this morning, turning to rain at low levels as it does so. A further 1-2 cm of snow is possible above about 200 m, with slushy deposits likely at lower levels. Icy patches are also possible for a time on untreated surfaces. Some impacts to travel are possible.

Reason for update

Warning area has been curtailed to Scotland, and extended until 0900 to allow for residual impacts from snow and ice

✓ Medium likelihood of low impacts
